

**SOLO Client for BlackBerry and Android smart phones
End-User Guide - Menu Icons**

List and features of SOLO icons for BlackBerry and Android smart phones

Menu: If pressed during an active call, this icon will open SOLO Client Menu for active calls.

Contacts: By selecting this icon, you access smart phone contacts.

Call Log: Here you can see outgoing/ingoing/missed call.

Application Info: It shows some information about the software.

Personal Features: Ten features can be customized. For more information, consult your system administrator.

Configuration Menu: This menu contains all application parameters. **If you are not the system administrator, we recommend not to make any changes in configuration.**

Redial: Call the last number entered.

Hide: By selecting this icon, SOLO interface will be hidden and you will see the original interface of your smart phone. SOLO Client software will be active anyway.

Exit: Close SOLO Client software.

Forward to: This feature allows you to forward calls to another number.

Do Not Disturb: If activated, your smart phone number will be showed as busy for all incoming calls.

Twinning: Enable/disable the twinning feature on your PBX.

Voicemail: If selected, it will call your Voicemail.

Transfer to: It allows you to transfer the active call to another destination.

Mute: By selecting this icon, SOLO Client will enable the microphone of your smart phone. When the smart phone is not in Mute Status the icon is different. See next icon

Mute: By selecting this icon, SOLO Client will disable the microphone of your smart phone. When the smart phone is in Mute Status the icon is different. See previous icon.

Enable Loudspeaker: By selecting this icon, SOLO Client will enable the Loudspeaker of your smart phone. When the Loudspeaker is enabled the icon is different. See next icon.

Active Loudspeaker: By selecting this icon, SOLO Client will disable the Loudspeaker of your smart phone. When the Loudspeaker is disabled the icon is different. See previous icon.

Hold: By selecting this icon, the active call is put on hold and you will be able to make a second call or to answer another incoming call. When selected, the icon is different. See next icon.

Retrieve: By selecting this icon, you will be able to resume the call you previously put on hold. When selected, the icon changes. See previous icon.

Add to conference: It allows you to make a conference call by adding a third user.

Drop Last added party: It drops last added party from the conference.

Thank you for choosing SoLo mobile solutions!
